# *Dessert Dash*

## How it Works

-The *Dessert Dash* involves each table combining their bids to claim one of the delicious desserts available at the night's event.

-Each guest or couple places their bid amount in their individual envelope, then places it in the table's group envelope (8 guests/table). All bids will then be combined for the table to "purchase" one of the delicious desserts at our event.

-To get your chance at the most delectable dessert, simply complete the *Dessert Dash* envelope on your table! Be careful though... you'll need to bid high to be the first table called.

-The table with the highest bid amount will be called first to *Dash* to the table and claim the dessert of choice by putting the table flag in it. You'll need to be fast enough to claim your decided favorite .... the next highest bidding table will be called to *Dash* just 10 short seconds behind you. (We will have some older students there to be the table's dessert dasher if needed.)

-Once all the desserts are claimed, they will be delivered to your table to enjoy!
