## What we do!

We are learning so many things this year! In Bible class, we are learning about Judah's exile and return to the promised land. We have seen God's many promises revealed.

In Science, they have been learning about natural disasters and doing research into various news reports.

Math has been a mix of fractions and ratios.

In Wit & Wisdom, we are starting our study on the history of Jamestown by reading Blood on the River

## Most Excited For:

**LEARNING MORE ABOUT GOD!**  
**GOING ON A FIELD TRIP!**
